

# Experts on site

**Kaipatiki Project** at **Engine Bay** (Bomb Pt Dr near Bomb Pt). We're running a nursery powered by the local community to help grow our beautiful native plants for restoration projects in Hobsonville & beyond. In 2019, we've worked with local group "Pesky Pests" & H P Secondary School to manage some of the critters impacting on our native plants & animals. Come visit us between **11am & 2pm**.

**Compost Collective.** Info/troubleshooting stand from **10-2pm** at **32 Meteor Rd**. Pip will be taking ½hr mini workshops: (11am-Bokashi Composting-good for apartments, 12.30pm Worm farming). All participants will receive \$40 discount towards a compost system. A public Compost Systems Tour from **2.30—4pm** at the **Community Garden** below. Ideally please register ahead, or turn up on the day if this is not possible.  
<https://compostcollective.org.nz/events/compost-systems-tour-hobsonville-point-2/>

**Hobsonville Point Community Garden** (left of Waterford, on Buckley, opposite the park). Please visit our Community Garden 10am-4pm. A member will be onsite to answer your questions and Pip from The Compost Collective will be there 2.30-4pm (see above)

**House of Travel, Hobsonville Pt**—collect a flyer about Garden Tours around the world—closes 12.30pm Saturday - opposite primary school.

**Matt's Painting Services**— Cedar and all painting. Come and see Matt's workmanship **29 Rangihina Rd**.

**Landscape Gardener**—Matthew Wilkinson, Zones Landscaping—come and see his workmanship **24 Onekiritea Rd**

**Landscaper Gardener**—Phil, Scape in Mind Talk to Phil about your landscaping ideas and check out the watering system he installed onsite @ **32 Meteor Rd**

**DNA House Wash**—Protect your paintwork. Arrange for a quote @ **32 Meteor Rd**

**Composite Decking**— come and talk to the Outdure team for your decking solutions. **131 Buckley Avenue**, opp. Mill House

## Hobsonville Point Garden Ramble

Saturday 16 November 2019

10am-4pm

**FREE—no tickets required**  
**Just wander from garden to garden**

The owners of these gardens have graciously volunteered or been persuaded to make their gardens available. They do not claim to be experts but they do wish to encourage others to enjoy gardening and outdoor living as much as they do.

Among these gardens there is a range of styles, sizes and plant selections. Some gardens have been established for a few years, and some are newly planted. Some gardens were designed by professionals and others were created by enthusiasts. The owners will be available to discuss what has worked and what has been less successful.

If your time is limited on the day, check the chart inside and narrow down your search. If time is on your side, you can easily spend the whole day wondering from garden to garden. Please see the back page for 'experts on site'.

*This is a community initiative arranged by a group of locals with the support of HPRS. Photos taken on the day may be used for future promotional activity.*
